Design by Norbert Geelen

# Norbert Geelen

After having completed his training as industrial designer at the University of Essen, he started freelancing at the Italian Studio Matteo Thun in Milan. Together with his partner Robert Kilders, he founded the design studio bert&bert in 1997. Since 2005, Norbert Geelen feels at home both in his German office in Straelen and in his Milan studio. He has specialised in designing up-market lifestyle products and furniture.

Characterised by an organic design language and sporty charms – this seating shell armchair, available with two different backrest heights, reflects the dynamics of our time. Fresh, agile and somewhat cheeky. Offering a high level of individualisation through a fascinating number of options.
